

# Integrated Electronic Security, Mass Notification & Audio Visual Solutions

Salient CRGT excels where very few other systems integrators can. Whether in austere overseas combat environments or on mission critical infrastructure projects, Salient CRGT delivers advanced security and audio visual solutions for the most extreme environments. Drawing upon years of leading and supporting the delivery of solutions to the U.S. military and other mission critical facilities, we rapidly deliver highly qualified design, engineering, installation, and integration of Electronic Security Systems.

## Electronic Security Systems (ESS)

Our ESS expertise includes:

- ▶ Access control
- ▶ Alarm monitoring
- ▶ Intrusion detection
- ▶ Video surveillance
- ▶ Global Asset tracking
- ▶ On-site support and training services
- ▶ Integration with MNS
- ▶ Integration with complex AV Systems
- ▶ IT capabilities to manage, manipulate & disseminate information

## Mass Notification Systems (MNS)

Our MNS expertise includes:

- ▶ "Giant Voice" loudspeaker exterior mass notification systems
- ▶ Explosion proof & hazardous area signaling
- ▶ Life safety notification
- ▶ Desktop & mobile device alerting
- ▶ Voice evacuation
- ▶ On-site support & training services
- ▶ Integration with ESS
- ▶ Integration with complex AV Systems
- ▶ IT capabilities to manage, manipulate, & disseminate information

## Audio Visual (AV) Systems Integration

Our AV expertise includes:

- ▶ Large form factor video walls
- ▶ Digital Signage
- ▶ Military-grade Video & Teleconferencing
- ▶ Operations Center design & implementation
- ▶ AV structured cabling & integrated AV rack systems
- ▶ Audio Video controllers & recording system design & implementation
- ▶ On-site support & training services
- ▶ Integration with MNS
- ▶ Integration with ESS
- ▶ IT capabilities to manage, manipulate, & disseminate information
